

Media Release

Yuma Districts to Test Emergency Alert System

For Immediate Release

September 8, 2025

YUMA, AZ - Today, September 8th from 4:00 pm - 4:30 pm, District One and Yuma Union High School District will conduct a TEST of our emergency message system through ParentSquare. This is an opportunity for school and district administrators to receive valuable training using this feature, and will also be an opportunity for families to ensure their contact information is updated.

During this TEST, staff and parents/guardians will receive multiple messages delivered several ways (text, email, and voice message) from all District One and YUHSD schools they are connected to. While numerous alerts will be received during this timeframe, we appreciate the community's patience while District One and Yuma Union High School District conducts this important test of our Emergency Message System.
